

## 65 Series French Door

The 65 Series French Door is an elegant and highly functional addition to any home or commercial space. Featuring a thermal break, this door offers excellent insulation, making it energy-efficient and suitable for any climate. The powder-coated finish ensures a sleek, modern appearance while providing durability and resistance to wear. With Low-E2 tempered glass, the door enhances energy efficiency and safety. Its slim frame design adds to the aesthetic appeal, making it a stylish focal point. The adjustable hinges allow for precise installation and smooth operation, while the secure 3-point locking system ensures maximum security. A well-designed threshold completes the package, making the 65 Series French Door a perfect blend of beauty, functionality, and durability.

**These doors feature a 2 1/2" (64mm) frame depth and can be seamlessly integrated with our windows for maximum views. They are available in widths ranging from 18" to 36" and heights from 47" to 112".**
