About Us

Teza Doors is a family-owned company recognized for its nationwide market leadership. At Teza Doors, we prioritize our customers, ensuring they have the best possible experience. Our mission is to deliver service that exceeds our customers' expectations. With years of experience in engineering and manufacturing doors, we specialize in providing high-quality door solutions for both residential and commercial spaces.

Our expertise lies in the customized production of luxury doors designed to enhance any living space. We take pride in crafting doors that combine elegance with exceptional functionality, meeting all the necessary standards for any home.

Our diverse range of products includes Multi-sliding, French, and Bi-fold Doors. We use top-quality hardware and glass to ensure our doors offer superior environmental protection, durability, and moisture resistance.

120 Series Sliding Window

The 120 Series Sliding Window is a state-of-the-art solution for modern homes and commercial spaces, combining elegance and advanced functionality. Engineered with a thermal break, this window ensures superior insulation and energy efficiency across all climates. The powder-coated finish offers a sleek, contemporary look while providing long-lasting durability. Featuring Low-E2 tempered glass, the window enhances energy performance and safety. Its slim frame design maximizes the viewing area, and the multi-slide feature allows for flexible opening options. The self-locking mechanism ensures secure operation, while the durable screen offers reliable protection against insects. Additionally, the innovative design of the weeping holes ensures efficient water drainage, maintaining the window's performance and longevity.

These windows feature a 4 1/2" (117mm) frame depth and are available in panel widths ranging from 30" to 59" and heights from 31" to 51"

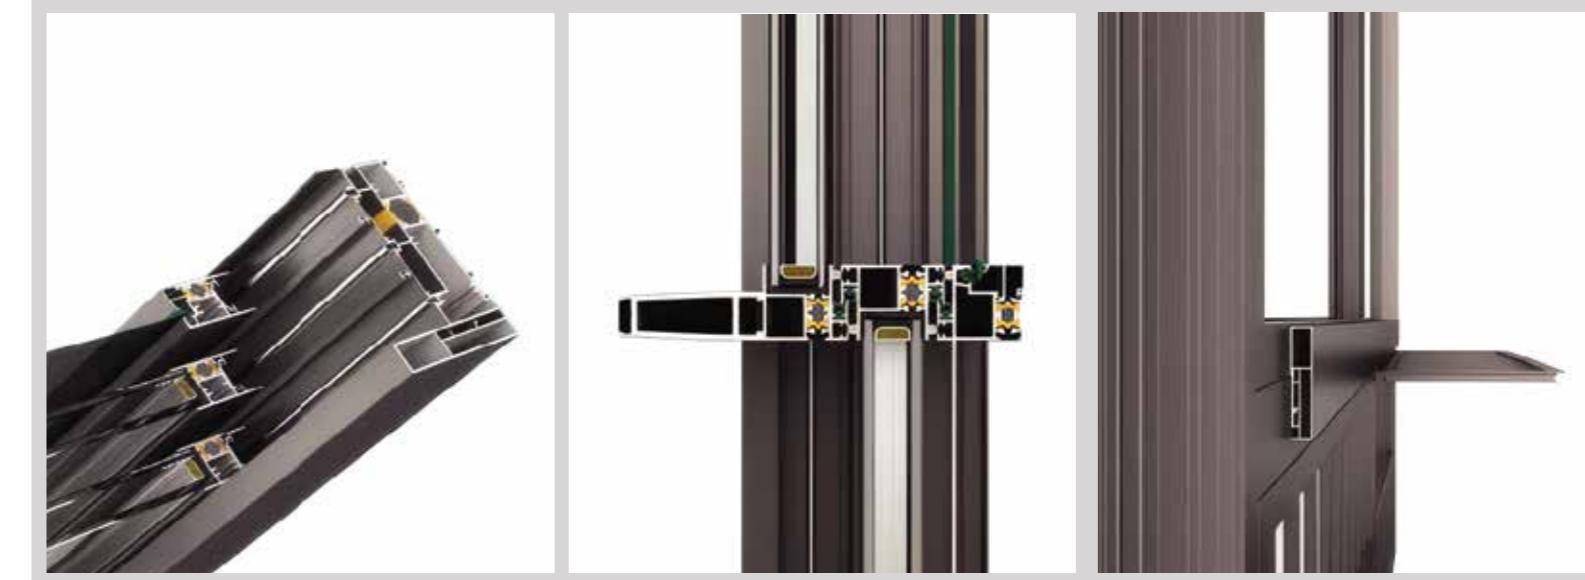

PRODUCT FEATURES

- Thermal Break
- Powder Coated
- Low-E2 Tempered Glass
- Slim Frame
- Multi Slide
- Self Locking Mechanism
- Durable Screen
- Innovative Weep Holes
- IG-Argon Gas Filled Glass

Main Entry Doors

Hinged Doors

Teza's hinged aluminum entry doors blend elegance with functionality, offering a timeless solution for any home or business. Made from high-quality aluminum with a powder-coated finish, these doors ensure durability and weather resistance. Their sleek design includes advanced security features for peace of mind while enhancing your property's aesthetic appeal. Available in various styles and finishes, Teza's hinged doors can be customized to suit your taste and architectural style, making them a versatile and attractive choice for any entrance.

Pivot Doors

Teza's pivot aluminum entry doors redefine modern luxury with their bold, innovative design. Unlike traditional hinged doors, pivot doors rotate on a central axis, creating a stunning visual impact and a seamless entry experience. Built from premium aluminum with a durable powder-coated finish, these doors offer strength and longevity. The minimalist design and large surface area allow more natural light and an unobstructed view, making them ideal for contemporary homes and commercial spaces. Teza's pivot doors are a statement piece of cutting-edge design and superior craftsmanship.

Teza Skylight

The Teza skylight is a versatile solution that fits both curb and deck-mounted installations, blending effortlessly with diverse architectural styles. Its innovative design allows abundant natural light to flood into your space, creating a brighter and more welcoming atmosphere. The motorized version adds convenience, enabling users to open the skylight at the touch of a button. This feature promotes better airflow, helping to circulate fresh air while expelling stale air, contributing to a healthier indoor environment.

For added comfort, the Teza skylight also offers the option of electrically integrated blinds, giving you greater control over light and privacy. These blinds can be easily adjusted to filter sunlight, reduce glare, and regulate indoor temperatures, all managed via remote control. Suitable for both residential and commercial spaces, the Teza skylight seamlessly blends functionality with aesthetic elegance, making it a standout choice for enhancing any living or work environment.
